The Williamsville Wall of Fame is a partnership project between the three district high schools and the Williamsville Education Foundation that recognizes distinguished alumni from each school.

Honorees have excelled in their careers, made outstanding contributions to humanity, and/or distinguished themselves in service to their community, profession or other good cause.

Alumni must have graduated from a Williamsville high school at least ten years ago. Nominations for the Wall of Fame are solicited every two years and a faculty panel at each high school makes the selection.
